

To get to Weedon Island, take Gandy past the dog track, then look almost immediately for San Martin Blvd. on your right. Turn right, then follow it until the fork at Weedon Drive. Bear left onto Weedon Drive and take it into the preserve (there's a gate of sorts). Park where you can, the boat ramp is at the end of Weedon Drive. Check in at 9:30, boats in the water at 10, back around 12:30-1:00.

We will need help both before and after with boats and equipment.

We will be monitoring weather conditions. Come prepared for a little cooler temps.
